MAUI YOUTH AND FAMILY SERVICES RECEIVES \$10,000 GIFT FROM
FREELIFE INTERNATIONAL GOJIKIDS PROGRAM

(Maui, Hawaii, June 15, 2006) – Maui Youth and Family Services was recently awarded a gift of \$10,000 from FreeLife International at their third Annual Ambassador retreat held at Maui's Ritz Carlton Hotel. FreeLife International is a direct sales company and creator and exclusive provider of Himalayan Goji Juice.

“I want to give FreeLife International a giant mahalo nui loa for their kokua,” said Gail Gnazzo, MYFS CEO as she accepted the check from FreeLife CEO and co-founder Ray Faltinsky in front of an enthusiastic crowd of 400 distributors from around the world. “You have helped MYFS build better lives with Hawaii's families through your generosity.”

Maui Youth & Family Services, Inc. has been carrying out its mission to build better lives with Hawaii's families for nearly three decades. An accredited, licensed, private, non-profit, community-based, family service agency, MYFS has been accomplishing its mission through a comprehensive continuum of wellness, prevention and treatment programs carried out with professionalism, integrity and excellence. The agency began as an emergency youth shelter created by the County of Maui in 1978.

FreeLife International released its Himalyan Goji Juice in October 2003 and since that time has donated a portion of its profits each month to various children's organizations through the world through its GojiKids Program.
